

Environmental Policy Statement

We are committed to minimising the risk of environmental harm and taking opportunities to enhance the environment where possible.

More specifically:

- seeking to continually improve environmental performance
- setting, implementing and maintaining environmental objectives and targets
- achieving compliance with all environmental legal requirements, regulations and guidance
- integration of environmental factors into business decisions
- planning work systems and practices so as to give due consideration to their potential environmental impact
- as far as is possible, prevent the illegal deposit, disposal or treatment of controlled and hazardous waste by any person where that waste has been, or will be under the control of the company
- where possible seek to influence the design and specification of activities to ensure that environmental impacts are minimised as far as is reasonably practicable
- ensuring considered use of resources of all kinds, including the promotion of recycled and recyclable materials whenever possible
- established company procedures to ensure that waste is managed in line with legislation and that all parties involved in the waste production, transportation, transfer and disposal process comply with their Duty of Care regarding waste control
- periodically review environmental legislation to which the organisations' activities are subject to ensure continued compliance with both the letter and spirit of legislation.

Protecting the environment not only makes good commercial sense, it is also an investment in our future, both short term and long term.

“Our planet and the lifeforms it supports are precious and must be protected”
